

Specializing in Respiratory Services and Ventilator Weaning

24-BED DEDICATED RESPIRATORY UNIT

- Oxygen Therapy
- Nebulizer Treatment
- Continuous Bi-Paps
- Tracheostomy Care
- Decannulation
- Ventilator-Weaning
- Sensory Stimulation
- Pulmonary Strengthening & Rehabilitation
- State-of-the-Art Portable Vents and In-Wall Oxygen

One of the cornerstones of South Shore Rehab is our highly regarded Respiratory and Ventilator-Weaning Program. We offer a specialized 24-bed unit staffed with Physicians, Pulmonary Specialists, a Nurse Practitioner, Respiratory Therapists and a team of highly trained professionals. Patients are assessed by our interdisciplinary team of professionals who develop a custom-tailored care plan with the focus on restoring each patient to his or her fullest potential.

South Shore Rehab has a proven track record that demonstrates our success in weaning our patients from mechanical ventilation and restoring a quality of life once thought lost. Patients benefit from working with South Shore's skilled therapy professionals in the on-site state-of-the-art gym. The rehab team is specially trained to understand the unique needs of respiratory patients and work closely with the pulmonary specialists and patient care team. In-wall oxygen throughout the facility provides respiratory patients full mobility and freedom during their stay.
